

A class trip to Lëtzebuerg

Our class trip took us to Luxembourg, and the journey was quite a long one — we left at 6 in the morning and didn't arrive until around 5:30 in the evening.

When we finally reached our destination, it turned out to be one of the most well-known towns in Luxembourg:

Schengen

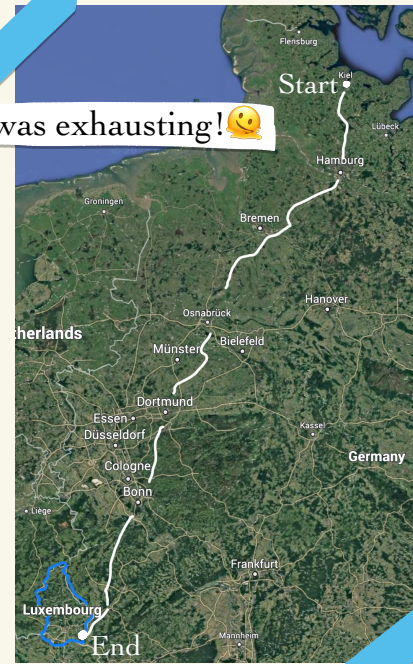

Schengen is a small municipality in the Grand Duchy of Luxembourg, part of the Remich canton, and it's famous for being the namesake of the Schengen Agreement.

Pretty interesting, isn't it? 🤔

It was exhausting! 😴

We arrived at a youth hostel in Remerschen, which is 2.9 km away from the town of Schengen, and we stayed there until the end of the trip. We were all exhausted. For dinner, we had burgers and fries. Afterwards, a few groups went outside to explore the town of Remerschen.

We had a set schedule spread out over the days of our trip.

The day after our arrival, we went to Luxembourg City, which took about an hour to get to. We had a guided tour to get to know the city a bit better. It was really interesting, but also a little boring at times. Afterwards, we had the chance to explore Luxembourg City on our own in groups. We also played a Sherlock Holmes game. We spent most of the day in Luxembourg City and then headed back to the youth hostel for the rest of the evening.

The next day, we went to Müllerthal for a hike. It took quite a while to get there, but the hike itself lasted about 4 hours. Along the way, we saw breathtaking rock formations, lush forests, and much more. After that, we headed to Schengen, where we took a boat trip on the Moselle River, which lasted about an hour. At the end of the day, we had some free time to explore the town of Schengen in groups and then made our way back to the youth hostel on our own.

The following day, we went on a bike tour that took us through most of Remich. First, we visited the Biodiversum, then we rode past vineyards and continued all the way to Schengen. It was great to see all the beautiful places along the way. We rode e-bikes, and after the tour, we were able to use them to pick up a few things for the trip back, since it was our last day in Luxembourg.

Our departure day was Thursday, September 19th, 2024. We left around 8 a.m. and arrived in Kiel quite late due to traffic. Overall, the class trip was very interesting and fun. We got to learn a lot about Luxembourg. At first glance, you might think Luxembourg isn't anything special. Of course, taxes, fuel prices, and so on are different from Germany. However, Luxembourg has beautiful spots that are definitely worth seeing.
